

## **Business Administration**

### **Associate in Science Degree (A.S.) with Guided Career Path for Business Administration**

#### **At a Glance**

The Business Administration Program is designed for students who wish to pursue a four-year degree in a business-related area such as Accounting Economics, Finance, Management, or Marketing. General Education Core courses and Professional Core courses are taken at CACC and then transferred to a four-year institution. As students progress through the curriculum, contact must be made with the four-year (senior) institution to ensure that guidelines are met for transfer.

The Statewide Articulation Reporting System (STARS) will provide very specific transfer information to specific majors at each state-funded four-year institution. Once a student chooses a major and a place of transfer, an individualized guide and contract can be created. The STARS website can be accessed from the CACC homepage at [www.cacc.edu](http://www.cacc.edu). You may also access STARS from the CACC Admissions Office. CACC also has designated Transfer Advisors.

**NOTE:** *The sample Guided Curricular Path below contains all the elements required for degree/certificate completion. However, courses may be offered or taken in other semesters so long as prerequisites are met and courses are available. Additional options may also be available. Courses may be available days, nights, hybrid, and online. Sample paths for part-time attendance may also be available. Please see an advisor. \*Students must check with the Senior Institution to determine which courses are required.*
